**Bulk E-mail** – August 19, 2008 - Multiple Years' Dues Payments

This was sent exclusively to the chapters but it is important information for the LOOM as well.

Please read at your next meeting and immediately post on the Chapter bulletin board.

For your information...

### MULTIPLE YEARS' DUES PAYMENTS

Once a Chapter has updated LCL with a dues increase and an effective date for the dues increase, the Dues Exception/Finance Department cannot accept dues paid at the lower rate unless the expiration date is prior to the "new effective date". When the dues expiration date is prior to the "effective date" the member can only pay the first year at the lower rate. All additional years will be at the higher rate. It does not matter when the member sends in their payment - the total amount due and payable is driven by the "effective date" of the chapter's dues rate in combination with the member's renewal date - not the postmark.

Members paying for multiple years' dues may be contacted by the Dues Exception Department for clarification of payment.

If you have any questions, please contact the Help Desk at: [helpdesk.mooseintl.org](mailto:helpdesk.mooseintl.org) or 630 906-3658.
