New Member Applications

It has been brought to my attention that Chapter Recorders are possibly holding applications and not putting them into their LCL program and transmitting them because they "think they will get in trouble."

Please understand that if you have an application, it must be entered into your Chapter's LCL.Net program and transmitted to Moose International prior to 10:00 p.m. Central Time on April 30th. If transmitted on or after May 1, 2009, the Chapter will be billed for the Application Fee even if the application date is prior to May 1st. It is not in order to go back to the applicant and ask for the application fee.

Please understand that if your Chapter intends to count these new applications in your "active" member count on April 30th for the 2008-2009 Chapter Year, a special meeting may be held for the purpose of voting on the applications prior to April 29th, providing all members who regularly attend your Chapter meetings are notified of the date, time and place. Please remember that in order to transmit an enrollment date on April 30th, creating an active member, the application must have been transmitted and "accepted" on or before April 29th.

If any co-worker has turned in an application and the Recorder does not transmit the application for sponsor credit, she could potentially be jeopardizing a co-workers personal sponsor recognition and possibly her own Star Recorder degree.

Thank you for your attention to this matter and good luck!

Barbara J. McPherson
Grand Chancellor
