Bulk E-mail for April 28, 2009

Another Record Week For Mailing New Member Welcome Packages

This week we are mailing 8,869 new Moose members their Welcome Package and new membership card. We thank our Lodges, Chapters and sponsors for their efforts in establishing these increasing levels of new member production.

Important Dates To Remember As April 30th Approaches - The Final 3 Days

The zero-dollar application fee "Moose Economic Stimulus Plan" ends at 10pm Central Time April 30, 2009.

Many Lodges, Chapters and Moose Legions are very close to achieving new member production or ACTIVE member goals. There are less than three days remaining to hit these marks. There are also rigid timelines to be followed to avoid being disappointed when the gain you thought was achieved was not posted in time to be recognized in the 2008-2009 'Beyond Belief' campaign year.

Payments Made By Standard Mail will likely NOT arrive in time to be included in the April 30th year end ACTIVE member counts.

Online Renewal Payments must be made no later than April 29th in order to be processed in time to be counted in this year.

Applications Received With The First Year's Dues Payment must be entered in LCL.Net immediately. Do not hold them without transmitting them to Moose International for any reason. If for some reason an application is later rejected, an adjustment can be made at that time.

If the application is also anticipated to be reported as "Enrolled" in time to count as an additional ACTIVE member for the year end count, the application must be initially transmitted to Moose International prior to midnight Central Time on April 29, 2009.

Any of these Applications Received With The First Year's Dues Payment that are not transmitted to Moose International prior to 10pm Central Time on April 30, 2009, will be billed for the standard application fee even though the Lodge, Chapter or Moose Legion did not collect an application fee.

All applications received during the "Moose Economic Stimulus Plan" with the first year's dues payment should have been transmitted to Moose International prior to being voted upon and currently be in "accepted" status in your applicant file.

EVERY application that was received with the first year's dues payment, is in "Accepted" status in LCL.Net and has received a favorable vote of the membership MUST have an enroll date transmitted to Moose International via LCL.Net prior to 10pm Central Time on April 30, 2009.

ALL APPLICATIONS received on or after May 1, 2009, must be remitted with the appropriate Application Fee.
