Bulk E-mail For June 26, 2009

Please Post in Lodge and Reprint in Local Newsletters

Who You Gonna Call? Regional Managers!!

The first point of contact for Lodges, Chapters, Moose Legions and Moose members should be their Regional Manager. Comments, complaints or praise regarding virtually any Moose related activities or occurrences within a Regional Manager's territory, that are received at Moose International, are referred back to the Regional Manager. Contacting the Regional Manager directly can expedite the response.

To enable Lodges, Chapters, Moose Legions and Moose members to determine who to contact, a new map based directory is now available to locate the contact information for each Regional Manager. Simply left-click on the territory that your comments regard to reveal the contact information for the appropriate Regional Manager. Go to:
