Bulk E-mail for February 18, 2009

Moose Economic Stimulus Plan - NO APPLICATION FEES - Starts March 1, 2009

The "Moose Economic Stimulus Plan" can only be successful if the program is made known to as many members as possible. Each Lodge, Chapter and Moose Legion Officer must take personal responsibility for getting this word out. It is imperative that we convey to our members, the importance of getting back to our roots of promoting membership and then ensuring that members have an appealing facility in which to share time, stories and camaraderie, with fellow Moose members, in support of youth, old age and community.

It's Not Too Early To Register For International Convention

You can now Register to attend the International Moose Convention being held in Chicago from May 22 through May 27, 2009. There are still a limited number of rooms available in the host hotels. Online registration for both the hotels and convention registration, as well as forms for mail-in reservations are available at
