Saturday morning at 10:00 am we will have a round table discussion about the new changes as well as any new news we hear at International conference in Las Vegas!! Plus any other topic you would like to share. Just let us know. Your Current, Past International officers will cover all the topics and having Pat Walker, our current Grand Council Member, will be able to give us a better insight to the changes as well. This is going to be a relaxing, fun weekend with no visits planned to a Moose Lodge.

We would like to plan a dinner for Saturday evening at a local restaurant for everyone to be together. There is a miniature golf place within a short walk for those of us who would like to play. Sounds funplus, the hotel has games such as cards and board games for those who choose to just relax or take a swim. If there is a interest, we would even like to have a talent show after dinner by the pool. If you have a talent and want to help us plan this event, please contact Lorraine at the number below. **Please RSVP to one of us if you would be interested ASAP.**
