D.V. Gregory, Past President
Council of Higher Degrees Coordinator
18791 Rugged Trail
Sonora, Ca 95370

To all Councils,

Attached you will find a listing of Higher Degree members from all lodges (CA & NV) within our association that have a membership status of expired, dropped or terminated. **NOTE:** some, all, or none of these members may be from your Council's jurisdiction. Some of the members may be in arrears in the Lodge or Moose Legion and/or both units. **In order to have their degree restored they must be in good standing in both units.**

We ask that your Council representative along with your Lodge and Moose Legion representatives contact the members from your Lodge and inquire of the following: Are they okay? Let them know that you haven't seen them around the Lodge for a while. Is the Lodge doing something wrong? Is there another reason they are not paying their dues? Record the reasons, should they not want to pay their dues and then forward this list to the Regional Manager and the Council of Higher Degrees Coordinator. Unfortunately, you may also find that these men are deceased and we were not notified. If they are deceased please notify Moose International as soon as possible and they will change their records. At the same time please notify the Regional Manager and Council of Higher Degrees Coordinator of the deceased status.

One thing to remember on the men's side is that they will have all their 25 club credits and their degree(s) restored either by paying their dues or re-enrolling. To have their degree(s) restored they must be in good standing with the Lodge and Moose Legion.

Don't delay -- Start working this list today. It is a win/Win situation.

I will be working with Moose International to obtain a list for the Women of the Moose.

Thanks for all you do as members of the Councils of Higher Degrees and will continue to do to help our children, seniors and this great fraternity.

As always, I am
