To All U.S. Chairmen, Regional Managers and Association Secretaries-

I am sure you have each forwarded messages to all your e-mail contacts and fraternal units. At this time, however, Mooseheart School is in 26th place – and this just does not make sense.

Each Fraternal Unit received a message from our Director General asking them to open a facebook and vote. He also requested that each contact their respective officers and chairmen and ask them to come to the lodge to cast their votes (if they do not already have a facebook page, the lodge and chapter should assist them in opening one). Several of you have copied me on your e-mail messages to the Fraternal Units and your other contacts – and I thank you for doing so.

Now – we have through Friday, September 3 to make a big push to get votes – and Mooseheart School is counting on each of you to help get this done.

Please ask your Fraternal Units to report to you if they have opened a facebook and voted – AND if they have contacted their officers and chairmen and asked that they and their families vote.

Do they have vendors? Have they asked for their votes?

Who have they assisted in the community either financially or with volunteer hours? Have they contacted those organizations and asked for their votes?

What about those who help with Special Olympics in the area? Have their volunteers been asked to vote?

Do they have sons, daughters, grandchildren, or other relatives attending high school or college? Have they been asked to vote?

We must open our minds and explore every legitimate avenue that we can think of to secure the votes we need to be in the Top 20 schools.

Thank you – I know you can get the job done!!!!

Jan Fregulia
Executive Director
