Subject: NASHVILLE

HELLO ALL:

Sorry that I have been out of communication since last week, but I am having trouble with my Moose Computer (VPN is not connecting) and have been unable to receive membership updates.

Below is a couple of questions I received from a member today. I felt that they are questions that are probably on the minds of many of our members.

1. Who do I send the letter to stating that our Jr Gov. ----- has been voted on to represent the Gov ----- at the Intl. Conv. in Nashville??? ----- has to work and can not go.

A-"Alternate Delegates" are not allowed for the international Convention. They are only acceptable for Association Conventions or Association Mid-Year. When electing an Administrator or a Governor he should be made to understand that it is an obligation of his office to attend the International Convention.

2. Has anyone heard where all of us that had rooms at the Gaylord Opryland hotel will be relocated to?? We did have reservations there but received an e-mail that our reservations were canceled. I have been checking the Moose Intl. web site daily but we still have not heard anything. Any help will be appreciated.

A-While at Moose International last week for Pilgrim Conferral, I talked to the ladies confronted with the task of notifying all 2800 reservation holders to transfer their hotel confirmations. They told me that they are going just as fast as possible and will have everybody notified ASAP. Do not worry, if you had a reservation before the flood, you still have a reservation and will be notified soon.
