

The California Nevada Moose Legion Mooseheart High School Senior Package

Beginning with the high school graduating class from the Mooseheart Schools in 1997 (and continuing annually), the Moose Legionnaires from throughout the states of California and Nevada have been honored to proudly support what has become known throughout our Moose fraternity as the “Mooseheart Senior Package”.

This program was specifically created in support of the commencement day needs of the annual Mooseheart High School graduating class as structured and funded through Moose Charities.

Such needs include the cleaning, maintenance, and/or replacement of caps and gowns for the graduating class members. The costs of custom printed individual diplomas as well as the leatherette binders for their safeguard are also incorporated into this program and made available to each graduate at the ceremony.

The printing of the commencement exercises booklet is another element of the Senior Package. A full page is devoted to thanking all Moose Legion jurisdictions of California and Nevada, by name and fraternal unit number, for their continued support of the graduating high school class annually .

On or about graduation day, the senior class is afforded an on campus “cook-out” as another element of the Mooseheart Senior Package. The senior class may invite their siblings and close friend to enjoy one of their last meals as an on campus resident at Mooseheart.

In addition to the annual support of the Mooseheart High School Senior Package, the California and Nevada Moose Legionnaires are recognized as major financial contributors on a regular basis to the Mooseheart Moosehaven Endowment Fund, Mooseheart Camp Ross, the medical fund at Moosehaven, the International Moose Legion Annual Project, the Youth Awareness Program, the annual International Moose Legion President’s Project, a program in support of trips for Mooseheart kids to visit our Moosehaven senior members each summer, and so much more, each and every year.

It's no wonder that the Moose Legion is commonly known as the Degree of Service and Leadership. And, it's no wonder that the Moose Legionnaires of California and Nevada are at the forefront of the Moose Legion Degree and The Moose fraternity.
