

GUIDELINES FOR THE MOOSEHEART SUNSHINE PROGRAM

The minimum a lodge or chapter needs to do for their Sunshine child is to **send a birthday card/gift as well as a Christmas card/gift**, but there is no real limit – and most lodges and chapters go far above those basics. We prefer that you send a tangible gift, chosen for them, rather than a gift card. Gift cards are very difficult to regulate, and we prefer a check for the student's savings account if you choose not to provide a tangible gift.

What we want to do is build a passion within your lodge or chapter to **connect** with the life of this child. The whole point of sponsoring a child is to let them know that there are Moose members who care about them and support them. Whatever you choose to do and whatever your resources allow, do it with the knowledge that you're giving hope and encouragement to a child! Feel free to contact us if you need anything!

Please send mail to:
